Educational Secretary's Memo
For the Dewan's Orders

Dated 24 Sept 1890

It is sometimes necessary for the Curator of the Central Book Depot to go out of Bangalore to inspect a Branch Depot or to investigate into a suspicious case, or to examine furniture made to order in the Districts before payment is made. In such cases he should be allowed the batta and other travelling allowances to which a Deputy Inspector of Schools is entitled. I beg that orders may be passed to give him the Travelling Allowances. The present provision in the Budget will I think cover the increase in expenditure. When the Curator deputes a member of his establishment to go out on similar duties the actual travelling expenses incurred may be charged to the Depot Contingencies
